A natural world in miniature

Introduces

Our Hybrid Creatures & Soldiers feature nature based but are possible.

Each prehistoric sculpture has been approved by Anthony Boason, a well respected expert in palaeoimagery who is also an art librarian, archaeologist and collector, based in the City of Bristol, England.

Welcome to the arrival of Deborah McDermott's Collection!

Deborah is a sculptor living in Southern California. As a sculptor, she observes the anatomy, movement and expressions of horses as well as their unique qualities that make each horse an individual.

Deborah McDermott

Our new 2010 Mythical Creatures & Soldiers collection which features highly detailed figures such as Apollo, Cyclops, Minotaur, Cerberus and others. They are legendary warriors and creatures that of our point believed to be real beings from literary myths. We hope you enjoy and collect them all.
